

13 October 2026

W27 MEMBERSHIP SALE!

SledGolden adult season memberships are available for **\$280 until November 15** — the same price as last year! After that, the price increases to \$320.

MORE THAN A TRAIL PASS.

Your membership does more than provide access to our managed trail system. It helps support the Golden Snowmobile Club and the work required to keep snowmobiling alive and thriving in Golden.

And this year, that support has been more important than ever.

The future of the Quartz Creek riding area was at stake when we learned that a bridge needed to be replaced to keep the area open. What followed was a major undertaking, requiring significant planning, funding, coordination, and hard work from a lot of dedicated people.

We're incredibly happy to report that **the new Quartz Creek bridge is now in place and will be ready for the upcoming winter season!**

This project is a great example of what can be accomplished through collaboration. With support from the REDI Grant, RMI funding, Recreation Sites and Trails BC, Flat Bear Mining, HR Pacific, and our membership community, we're helping secure the future of snowmobiling in Golden.

Your membership matters. It supports the trails, infrastructure, and people who make riding here possible.

Get your membership before November 15, save \$40, and be part of keeping Golden one of BC's premier snowmobiling destinations.

Support your club. Support your riding areas. See you this winter!
